It seems our informant, who gave us the information concerning the common assault made by Mert Porter upon Dee Goode, was in error as to where the trouble occurred. It was not in Taylor Harroll's restaurant, as was stated in the COURIER of last week, but in the second story of the building over the restaurant. Taylor Harroll is a law-abiding colored citizen, and does not want the impression to go abroad or be circulated in the community that he keeps a disorderly house. At his request we willingly make the correction.
